

## League of Women Voters of Pullman Observer Report

Name of Agency: **Pullman Arts Commission** Date: **November 12, 2019**

Observer Reporting: **Uta Hutnak** Length of Meeting: 1 hour

Members Present: Jeri Harris                      Joanna Bailey – member ex officio  
                         Judy Dunn                                      Lori Lewis  
                         Brady Boone  
                         John Rich

Others Present (i.e., media, public): Brandon Burch, prospective commissioner

- 1) The commissioners need to start thinking about **next year's ArtFest**. Joanna talked to the band "In the Pocket" and they are interested in performing. Jeri also heard from a WSU music faculty who would like the exposure for the students in the community.
- 2) Discussion of the **applications to join the PAC**. John and Brady had interviewed Gail Segal and enthusiastically recommend her for the position. A motion to send the application to the Mayor and City Council for approval passed.
- 3) Judy asked about where the PAC is regarding the **utility boxes project**. PAC should look at some boxes to cover to be unveiled at ArtFest.

There are a number of **art pieces stored at the Library that could be used for a fundraiser**, maybe in January. Jeri is concerned that the PAC will be overextended to take this on at this time and it was decided to wait until next year and focus on ArtFest for now.

The commissioners are anxious to add more members and begin planning for 2020 ArtFest. There were no decisions made that require League support or action.
