- Payroll and paid claims reviewed
- **Profit/loss** – always a loss during this quarter (prepaid insurance). Should catch up in a few months.
- Passengers, Landings and Freight
 - Continue with **3 flights/day to Seattle and one to Boise**. The Boise flight has been 52% full. Third flight to Seattle was restored starting on April 19th. Our peer airports only have one flight to Seattle. The third flight may not go on Saturdays during the summer. Flights should be near full for the next 10 days due to graduation. **Enplanements equivalent to the pre-covid years.**
 - Advertising – \$15,000 for Inland 360 to advertise the Boise flight.
- Project Status Update
 - Mead and Hunt subbed out a space/kitchen for **concession space**. Their interior designer came to look/talk about the space yesterday. Looked at materials with Design West.
 - Terminal and Apron **Finance Update**- Still trying to raise more than \$10 million. Getting there. Lots of flexibility with the current funding.
- General Updates
 - **Baggage scanning machine** has been installed.
 - **FAA annual certification inspection** has been completed. Some minor issues were noted which will have to be remedied within 60 days. Shout out to Alex for his hard work.
