### **Business pertaining to League Positions or topics of interest:**

Director Dickinson presented the new **comprehensive plan** set to run through 2060. He said that there was a possibility of a joint city council / planning commission meeting to review the plan and coordinate on components that would require city council to act. **This seems would be a public meeting, with opportunities for public comment.**

There was also discussion of the **major delay to recent business**. There may be potential for holding quasi-judicial public hearings online, but there is a question on whether it is legal, and they are waiting to hear back. There was consensus from the committee that avoiding meeting in public would be preferable.

There was also **discussion of breaking up meetings** to avoid overly long meetings covering multiple topics, both for the commissioners and for the public.

### **Process & Protocol:**

The meeting was held over RingCentral.

**The interim planning commissioner will be Jennifer Hackman until Director Dickinson is replaced.**
