### **Business pertaining to League Positions or topics of interest:**

#### **Quality of Instruction:**

- During the ASB representative's report to the Board, she shared that the student body representatives met with the Principal to discuss the Facebook posting that was the source of student frustration and caused a walk-out last week which was reported on in the newspaper and to which the Superintendent wrote a response.
- Student representatives went to a workshop on effective communication, it is impressive that the student body government is applying what it is learning at leadership conferences directly to a very public situation regarding the fallout from social media posts.

#### **Your additional comments/opinions:**

- Major problems with sound on recording of Board Meeting, this is the second time in the last three months that this has happened. I have written to the secretary to provide that feedback. She got back to me, they are aware of the problems with the microphones and are working to fix it.
- I was surprised that no one from the public went to comment on the Facebook allegations,
